NOTE.—FIU = Florida International University; SUS = Florida State University System; BA = bachelor's degree; CC = community college; AA = associate's degree; IV = instrumental variable. Standard errors are clustered within grade pins. The *p*-values are calculated using a clustered wild bootstrap-*t* procedure described in Sec. III and app. B. All estimates are computed using the main specification above.

* Significant at the 10% level.

** Significant at the 5% level.

*** Significant at the 1% level.
